## **SSE International Ltd Statement.**

### **International Traffic in Arms Regulations. (ITAR)**

We have studied the relevant documents concerning this subject, and the stance of the British Government regarding these Regulations. As a British registered company we are following the government guidance and all materials/components being exported will be subject to the ruling of the Department for Business Innovation & Skills (formerly the Department of Trade and Industry) or any other Statutory Body. With applications for export licences made whenever applicable.

This statement will be reviewed if any amendments are made to the said regulations.

J.R.Wright

Quality Manager.

For and on behalf of SSE International Ltd.
